

Shrink-N-Shield®

One-Step Shielding and Heat-Shrink Tubing

Heat-Shrink Shielding

Shrink-N-Shield® features an adhesive-bonded Z-3250-CN EMI shield that provides excellent shielding (10 MHz to 20 GHz).

Shrink-N-Shield® combines two proven technologies into a single, easy-to-install product for adding EMI protection to smaller wire and cable bundles. Shrink-N-Shield® makes adding an EMI shield and secondary insulation jacket to wire or cable bundles a snap.
